

Wednesday, June 14, - - 1899

LOCAL BRIEFS.

—See Sheriff's sales elsewhere.
—Read notice to municipal taxes.
—Read notice of County Board of Control.
—The regular teachers' examination will be held Saturday, June 17th.
—Read the professional card of Dr. Theo. A. Quattlebaum elsewhere.
—Mr. and Mrs. Harby will move soon into the new cottage next to the old Methodist parsonage.
—What you want is not temporary relief from piles but a cure to stay cured. DeWitt's Witch Hazel Salve cures piles, and they stay cured. McMaster Co.

—Rev. C. E. McDonald preached at the Brick church, about ten miles from town, on Sunday morning. The A. R. P. Church was closed on Sunday in the absence of the pastor.

—Q. D. Williford is offering his entire stock of men's summer suits, crash hats, &c., at cost. This is the chance of a lifetime. Call and take advantage of these bargains before they are all gone. Read his ad.

—The colored Odd Fellows had a celebration on Thursday despite the dust and awful heat. In the afternoon they had a parade and at night in the Odd Fellows' Hall a supper was enjoyed by the members and their friends.

—There is a time for all things. The time to take DeWitt's Little Early Risers is when you are suffering from constipation, biliousness, sick headache, indigestion or other stomach or liver troubles. McMaster Co.

—On the occasion of the closing exercises of the Monticello Academy, which takes place Friday night, 23rd of June, the Ladies' Aid Society of Little River Baptist Church will serve ice cream and cake for the benefit of the parsonage fund.

—Among the teachers elected for the next term of the Newberry Graded School is Miss Rachel McMaster. Miss McMaster has taught for several years in this school and has given perfect satisfaction, as is evidenced by her re-election to the position.

—Be sure and read our great offer of the Weekly News and Herald for a year and Farm Journal for the balance of 1899 and all of 1900, 1901, 1902 and 1903, nearly five years, all for the price of our paper alone. Just walk up to the captain's office and draw the greatest prize you ever drew.

Kodol Dyspepsia Cure completely digests food within the stomach and intestines and renders all classes of food capable of being assimilated and converted into strength giving and tissue building substances. McMaster Co.

—The commencement exercises of the South Carolina College begin on Saturday night with a society celebration and continue until Wednesday, when the address will be delivered by Hon. J. H. Hudson and the diplomas will be delivered. Dr. S. M. Smith of Columbia will deliver the baccalaureate sermon on Sunday. Miss Annie F. Davis of Winstonsboro is one of the graduates this year.

Mr. R. L. Douglass, of Blackstock, was one of the class which was graduated from Davidson College on Wednesday. The subject of his oration was "Retribution in History" and a correspondent of the Charlotte Observer in speaking of the oration says, "After developing this idea and citing historical facts, he applied the doctrine to our own country and showed the dangers of unjust legislation."

—R. Brandt, the Chester jeweler and optician, in his ad. to-day, gives some sound truths and some good advice to buyers. It never pays to buy from a jeweler who is not fully acquainted with his business and Mr. Brandt who has one of the best stores in the State has had years of experience and keeps the best and most up-to-date goods. He guarantees his goods and work.

W. M. Gallagher, of Bryan, Pa., says, "For forty years I have tried various cough medicines. One Minute Cough Cure is best of all." It relieves instantly and cures all throat and lung troubles. McMaster Co.

—First come first served; so march up and pay for the Weekly News and Herald a year ahead. This will secure that good little paper, the Farm Journal, for the balance of 1899 and all of 1900, 1901, 1902 and 1903, nearly five years, without any further pay. Shall we hear from you within one week?

—Among several new papers which have made their appearance recently on our list of exchanges is "The Circuit Rider." This little paper is published in Columbia by the Epworth Orphanage Press and the editor is Rev. E. Alston Wilkes, a Methodist minister. As will be seen by the name the Circuit Rider is a religious paper and is published every Wednesday.

—Mt. Zion Institute closed on Friday. The few things that remained to be done on Friday morning were very soon accomplished and the pupils and teachers were free before noon. The boys were unable to resist giving voice to their joy at being free from the confining work of school, and when they were dismissed, made the air ring with shouts. On Friday night the pupils and teachers were treated to a delightful address by Rev. D. N. McLaughlin, of Chester. The address was delivered at the court house.

Thomas Thurman, deputy sheriff of Troy, Mo., says if everyone in the United States should discover the virtue of DeWitt's Witch Hazel Salve for piles, rectal troubles and skin diseases, the demand could not be supplied. McMaster Co.

—The Farm Journal is chock full of gumption and has the largest circulation of any farm paper in the world. It is good everywhere. We offer it for a short time as a prize to advancing subscribers to the Weekly News and Herald a year ahead and the Farm Journal for the balance of 1899 and all of 1900, 1901, 1902 and 1903, nearly five years, all for the price of our paper.

Rheumic is a thorough, permanent, constitutional cure for rheumatism. The acids in the blood which cause the disease are thoroughly eradicated. Is also the best blood purifier, laxative and tonic.

Pabst Malt Extract
The Best Tonic

Taken at night stops the eternal thinking by putting you to sleep. It feeds your brain so that it recovers its tone for the next day's toil.

druggists sell it.

—The question now of absorbing interest to Columbians is the location of the union depot. There is great difference of opinion as to where would be the best situation for it and probably when the situation is decided upon there will be many who will complain and be dissatisfied. For many years the lack of a real union depot has been a source of great inconvenience to people travelling about the State, and the determination of the railroad company to build a union station is good news.

DeWitt's Little Early Risers act as a faultless pill should, cleansing and relieving the system instead of weakening it. They are mild and sure, small and pleasant to take, and entirely free from objectionable drugs. They assist rather than compel. McMaster Co.

—Two young ladies upon whom Fairfield has some claim distinguished themselves at the Columbia graded school and won medals. These young ladies are Misses Florida Barron and Mattie Wardlaw. Miss Barron is the eldest daughter of Mr. and Mrs. J. T. Barron, who are so well known here and Miss Wardlaw is the daughter of Mr. Louis Wardlaw who at one time lived in this county. These girls made a splendid record at their school and well deserved the honor conferred on them.

—The machinery for Doty & Co.'s flour mill just erected near the oil mill is being put in by an expert from Chambersburg, Penn. The very best and most modern machinery has been bought for this mill and it is expected that flour of the best quality will be made. As the supply of wheat from this county will not be great enough to run the mill the owners will buy wheat in the West from which they will make flour. Perhaps after a while when all of the farmers plant wheat the home supply will be sufficient to make the buying of wheat from the West unnecessary.

—Those interested in the chapel for the factory people will be glad to know that work has begun on the building and they will feel encouraged to see that before many weeks they will be able to begin the mission work. It is the intention of those who are leading this mission work to use the chapel as soon as it is weather-boarded and roofed, not to wait until the building has been entirely finished. The funds for this chapel are limited and therefore the work will progress according to the money on hand and in the meantime every effort will be made to raise more money until a sufficient sum has been collected for the building.

—The literary men of the State have on foot a plan to establish a Chautauqua on the Isle of Palms. The men who are leading this movement are the most prominent men of this State. They are earnest and intend to establish the Chautauqua upon a solid footing as to make it the resort of all the literary people of the South. For many years the Chautauqua at Monticello has been the only thing of the kind in the South, but this is not conveniently situated for many people, and the one on the Isle of Palms should prove a great success. There are numerous reasons why the Isle of Palms is an admirable place for this gathering.

Dr. Cady's CONDITION POWDERS, are just what a horse needs when in bad condition. Tonic, blood purifier and vermifuge. They are not food but medicine and the best in use to put a horse in prime condition. Price 50 cents per package. For sale by McMaster Co.

—Contrary to the expectations of every one, the long drought was broken by a gentle rain instead of a dreadful electric storm. On Sunday afternoon, at about six o'clock, the rain began and fell steadily and gently for several hours, doing far more good than a heavy, washing rain would have done, for every drop sank into the parched earth. After the intense heat of the past week it was only reasonable to suppose that when a rain did come that it would be accompanied by a heavy storm, and so many severe storms have occurred recently in North Carolina and other States. The rain will do an amount of good, as everything was suffering from the drought and the heat and vegetables had stopped bearing.

—It is said that if lamp chimneys, tumbler or other glass dishes are placed in cold water, with half a cup of table salt to each quart of water, which is brought slowly to a boil and boiled a half hour, then allowed to cool in the water, they will resist any sudden changes of temperature without cracking.

—A Card of Thanks.

I wish to say that I feel under lasting obligations for what Chamberlain's Cough Remedy has done for our family. We have used it in so many cases of coughs, lung troubles and whooping cough, and it has always given the most perfect satisfaction, we feel greatly indebted to the manufacturers of this remedy and wish them to please accept our hearty thanks. —Respectfully, Mrs. S. Dorris, Des Moines, Iowa. For sale by McMaster Co.

ELECTED TO THE CHAIR OF PHYSICAL CULTURE.

The following item, which we clip from the Rock Hill Herald, will be read with interest by many, as Miss Ruff has many relatives and warm friends here:

Miss Laura Ruff, one of the most delightful young ladies of our city, a graduate of the Emerson College of Oratory in Boston, has been elected to the chair of physical culture and oratory in the Pennsylvania Normal College at Bloomsburg, Pa. She has accepted and will be present at the opening of the next term in September.

AT CONVERSE COLLEGE.

The Carolina Spartan, in giving an account of the commencement of Converse College and the exercises of the week, speaks in a very complimentary manner of Miss Martha Dwight who played at an entertainment given by the literary societies:

Miss Martha Dwight showed that, while the young ladies who preceded her could hold the audience with eloquent words, she could entrance them with sweet melody as she played and interpreted one of Liszt's masterful productions. With study and practice she may achieve greatness in the musical world.

DR. J. C. PATTERSON.

Mrs. Robert Cartledge, wife of one of the operatives at the cotton mills, died on Saturday. She had been ill for months, and a few weeks before her death she was stricken with paralysis in addition to her other malady. Her husband and two little children survive her. The remains were taken to Augusta for interment.

A second death occurred at the factory on the same day. This was an infant. The child's funeral took place on Sunday morning at the Methodist Church.

THE LECTURE FRIDAY NIGHT.

Those who failed to attend Rev. Mr. McLaughlin's address to the pupils of Mt. Zion Institute on Friday night missed a rare treat. The court house, where the address was delivered, was crowded and the speaker held the undivided attention of the audience from the beginning to the end of his address. Mr. McLaughlin is a beautiful speaker and he was at his best on Friday night. The exercises were opened with prayer by Rev. Benj. Allston, and Rev. C. E. McDonald made the closing prayer.

During the evening the pupils of the school sang several pretty songs, Miss Mary Witherow having trained them.

J. A. Schear, of Sedalia, Mo., saved his child from death by using One Minute Cough Cure. It cures coughs, colds, croup, whooping cough and all throat and lung troubles. McMaster Co.

WINTHROP COMMENCEMENT.

The Rock Hill Herald contains a full and very interesting account of the closing exercises of Winthrop College. The exercises began on Sunday with a sermon by Rev. D. N. McLaughlin before the Y. W. C. A., and on Sunday night the baccalaureate sermon was preached by Bishop Capers, the subject of his sermon being "The Christian Life as Exemplified in Christ."

Monday night the literary societies held a joint celebration and a most interesting program was carried out. A spirited debate was the most interesting feature of the evening. On Tuesday receptions, class work, an alumni meeting, &c., took place. The final exercises took place on Wednesday night when the young lady graduates received their diplomas, and Thursday the girls leave for their homes.

A Feigning Blunder.
Will often cause a horrible Burn, Scald, Cut or Bruise. Bucklen's Arnica Salve, the best in the world, will kill the pain and promptly heal it. Cures Old Sores, Fever Sores, Ulcers, Boils, Felons, Corns, all Skin Eruptions. Best Pile Cure on Earth. Only 25 cents a box. Cure guaranteed. Sold by McMaster Co., druggists.

WINTHROP NEWS.

Last rain here was on the evening of 6th of May. Good stand of cotton and well worked up. Corn only fair stand, and late planting poor stand. With rain soon there will be a good deal of corn planted on wheat and oat land.

Wheat only fair where it was sown in early fall and late sowing not more than half crop. Same way with early oats. They were low but well headed. Spring oats complete failure.

The Messrs. Bell are in the neighborhood threshing—fine weather for the work.

Miss Mattie McCrory, who has been taking a course in trained nursing in Augusta, Ga., is at home for a short visit.

Mr. W. J. Gladden, after completing course at a business college in Macon, Ga., has returned home.

Miss Annie Russe, of Fort Lawn, is visiting Miss Evelyn Hall.

Mr. Will Lumpkin, of Bennettsville, and Mr. Albert Connor, of Winstonsboro, visited Mrs. A. M. Jackson last week.

Mr. Sump McWaters, who has been attending Blackstock High School, is at home.

—A Card of Thanks.

I wish to say that I feel under lasting obligations for what Chamberlain's Cough Remedy has done for our family. We have used it in so many cases of coughs, lung troubles and whooping cough, and it has always given the most perfect satisfaction, we feel greatly indebted to the manufacturers of this remedy and wish them to please accept our hearty thanks. —Respectfully, Mrs. S. Dorris, Des Moines, Iowa. For sale by McMaster Co.

GOMING AND GOING.

Mr. J. H. Cummings is in town.

Mr. Gordon Quattlebaum is at home for the summer.

Miss Mamie McMeekin has returned from Winthrop College.

Mrs. J. J. Neil and Miss Lida Neil have returned from Rock Hill.

Mrs. Hammer, of North Carolina, is visiting Miss Francis Creight.

Miss Mattie Harris left on Friday for her home in Pineville, N. C.

Judge O. W. Buchanan arrived last week on a short visit to his family.

Miss Susie Lumpkin has returned from a visit to Chester and Rock Hill.

Miss Carrie Elliott has returned from Converse College for the holidays.

Miss Mary May is visiting Miss Sallie Parker in Ridgeway.—Rock Hill Herald.

Miss Agnes Rice has gone to her home in Union county to spend the holidays.

Mr. and Mrs. T. K. Elliott are visiting Mr. and Mrs. C. A. Douglas in Washington.

Mrs. Deal, who has been visiting her sister, Mrs. Preston Rion, left on Friday for Blythewood.

Miss Basile McMaster has returned home for the holidays, the school in Ridgeway having closed.

Mr. and Mrs. Jas. Center, of Winstonsboro, are the guests of Mr. D. B. Reed.—Denmark Times.

Mrs. C. S. Matthews arrived on Thursday night from Pantops, Virginia, where he has been teaching.

Miss Mamie Brice, who is suffering from an attack of fever, returned home on Monday from the Due West Female College.

Mr. and Mrs. Jno. J. Creight left on Tuesday night for Brooksville, Fla.

Mrs. Creight's former home. They will be absent about two weeks.

Dr. D. M. Provence, who came here about a year ago for the practice of his profession, left here last week for North Carolina, where he will locate.—Barnwell Sentinel.

COURT PROCEEDINGS.

Court convened on Monday morning, Judge Watts presiding. His Honor charged the grand jury, generally, as to their duties, and said that the newspapers had contained something charging mismanagement in the local dispensary. He said that while it was not his custom to notice anything published in the newspapers, he, in this instance, would advise the grand jury to make a thorough investigation, as it was due the public as well as the local dispenser, who no doubt, he said, would court an investigation.

The first case tried was the State vs. George Dial, charged with concealing himself in J. M. Blain's store and stealing some goods. The jury found him guilty.

The State vs. Saml. Dove, Sr., Saml. Dove, Jr., Saml. Dove and John Marks, indicted for assault and battery with intent to kill. J. E. McDonald represented the defendants. Verdict—Not Guilty.

In the afternoon the grand jury made the following presentation: "We have reports as to irregularities in connection with management of county dispensary at Winstonsboro and request that the following witness be subpoenaed to appear before the grand jury, to wit, Charles H. Douglas."

"T. J. Rabb, 'Foreman'."

State vs. Henry Lee, charged with forgery, pleaded guilty. Sentenced to twelve months on the chain gang and pay a fine of one dollar, or a like in the State penitentiary and pay a fine of one dollar.

KIDNEY is a deceptive trouble. It has it and don't know it. If you want quick results you can make no mistake by using Dr. Kilmor's Swamp-Root, the great kidney remedy. Druggists in fifty cents and dollar sizes. Sample bottle by mail free, also pamphlet telling you how to find out if you have kidney trouble. Address, Dr. Kilmor & Co., Binghamton, N. Y.

WHITE OAK AFFAIRS.

Wheat and oats are being harvested. The wheat crop is much better than was first expected, while the oats is very light, especially the spring sowing. Corn is very small, but has a good color, except on red land, it is very poor, and in some places it is dying out.

There is some sickness in the neighborhood at this time, but no serious cases have yet been reported.

Dr. J. C. Patrick, of King's Mountain, N. C., spent several days last week with his father's family. He came over to attend the Patrick-Thompson wedding.

Mrs. R. H. Goza and children are visiting her father at Irmo, Lexington County.

Mrs. M. E. Ligon, of Mosley Dale, spent several days last week in the community with relatives and friends.

We are glad to report that our esteemed pastor, Rev. J. A. Smith, is improving from his terrible affliction of several weeks, caused from a carbuncle on the neck.

Master Henry White, of Chester, is visiting his aunt, Mrs. T. G. Patrick. Henry is always a welcome visitor in White Oak.

The Ladies' Society of the A. R. P. Church at this place has bought and is having put up a ban stone iron and wire fence around the cemetery.

ALL WOMEN AGREE.

A druggist in Macon, Ga., says: "I have sold a large quantity of Mother's Friend, and have never known an instance where it has failed to produce the good results claimed for it. All women agree that it makes labor shorter and less painful."

Mother's Friend

is not a chance remedy. Its good effects are readily experienced by all expectant mothers who use it. Years ago it passed the experimental stage. While it always shortens labor and lessens the pains of delivery, it is also of the greatest benefit during the earlier months of pregnancy. Morning sickness and nervousness are readily overcome, and the inevitable strains and muscles, permitting them to expand without causing distress. Mother's Friend gives great recuperative power to the mother, and her recovery is sure and rapid. Danger from rising and swelled breasts is done away with completely.

Sold by druggists for \$1 a bottle.

THE BRADFIELD REGULATOR CO.

ATLANTA, GA.

Send for our free illustrated book for expectant mothers.

COUNTY SCHOOLS FOR TEACHERS.

The State published on Wednesday a full statement of facts regarding the summer school to be held at Winthrop College June 15th to July 13th. The faculty of the school has been chosen and the most prominent professors and teachers of the State have been selected. Prof. R. Means Davis being one of them. Prof. Davis will teach political science. The following in regard to county schools we clip from The State:

After the close of this State school, the teachers will be held in each county. Full announcement concerning these will be made soon.

These schools will continue in session for four weeks, and will give instruction in the subjects that now constitute the substance of the common school course. English, arithmetic and geography. In a rapid review, the students will be taught as they ought to teach, and while learning intelligently that before the principles and ground work of these branches of study, will incidentally and naturally learn the best methods of teaching. But emphasis will be placed on matter rather than method.

The work done by these county schools this year will be supplemented next year, it is hoped, by courses in history, geography, drawing and other subjects taught in our schools in which many of our teachers are deficient.

All teachers who are not prepared to do college work rapidly and successfully are advised to attend the county schools this year. The State school is a very able young man, who has not made a bad record in congress. If the district lines remain as at present, the man who beats him will be the next congressman of the fourth district.

Tetter, Salt-Rheum and Eczema.

The intense itching and smarting incident to these diseases, is instantly relieved by applying Chamberlain's Eczema and Skin Ointment. Many very bad cases have been permanently cured by it. It is equally efficient for itching piles and a favorite remedy for sore nipples, chapped hands, chilblains, frost bites and chronic sore eyes. Price, per box. For sale by McMaster Co.

A runaway dicker, before the war, was on his way to Canada and was met by a countryman, who questioned him as to the treatment he had received at the hands of his master. "Did you have enough to eat?" the countryman asked.

"Yes."
"And enough to wear?"
"Yes."
"And a warm place to sleep?"
"Yes."
"Then what did you run away for?"
"Say, boss," the dicker replied, "if you think you'd like the place, it's open to yer."
